by Miguel Ángel Ciganda

MONOPRESSOCOTTURA

Accostamenti di colori e formati si uniscono alle qualità della monopressocottura realizzando composizioni libere e di assoluto fascino.

I moduli Sintesi si riallacciano alla grande tradizione dei pavimenti a mosaico, attualizzandola. Il disegno è studiato per dare prevalenza al fondo oppure alla componente decorativa, aprendo così al progettista innumerevoli soluzioni creative.

Combinations of colours and sizes and shapes come together with the quality of single press-firing to create a free, ultra-fascinating range of patterns.

Sintesi units recall the grand tradition of mosaic floors, updating it. The design is studied to give prevalence to the base or to the decorative component, thus providing endless creative solutions for designers.

Les assortiments de couleurs et formats rejoignent la qualité de la monocuisson sous pression pour engendrer des compositions libres et extraordinairement séduisantes.

Les modules Sintesi se rattachent à la grande tradition des sols en mosaïque tout en l'actualisant. Le dessin est tour à tour étudié pour faire prévaloir le fond ou bien la composante décorative. Le projeteur dispose ainsi d'une myriade de solutions créatives.

Farb- und Formatzusammenstellungen verbinden sich mit den Eigenschaften des Einbrandpressverfahrens, wodurch freie Kompositionen entstehen, die einfach faszinieren.

Die Module von Sintesi sind Teil der großen Tradition der Mosaikböden und aktualisieren diese. Die Muster wurden so gestaltet, das entweder der Grundton oder das Dekor zum Blickfang werden, um so dem Planer unzählige kreative Lösungen zu bieten.

Las combinaciones de colores y formatos se unen a las cualidades de la monococción por prensado, dando lugar a composiciones libres y absolutamente atractivas.

Los módulos Sintesi no sólo perpetúan la gran tradición de pavimentos de mosaico, sino que la actualizan. El diseño está estudiado para hacer destacar el fondo o el componente decorativo, abriendo de esta forma innumerables soluciones creativas a los profesionales del sector.

Сочетания цветов и форматов в соединении с качествами монопрессообжига позволяют создать свободные композиции удивительной красоты.

Модули Sintesi, напоминая вековую традицию мозаичных полов, обновляют ее в современном стиле. Разные варианты, подчеркивая и фон, и декоративные элементы, позволяют создавать многообразные и бесконечные архитектурные решения

各种颜色和大小的搭配以及一次压制烧成的质量，构成自由和充满绝对魅力的拼图组合。

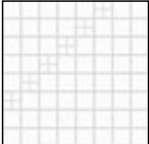

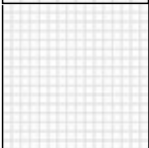

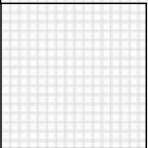

Sintesi系列组合模块重建马赛克地板的伟大传统，令它又流行起来。图案经专门研究，着重突出底砖或装饰元素，令设计人员可以作出无数创造性组合
